

# INNSERVE TRAINING

InnsERVE offers a comprehensive range of training aimed specifically at the drinks dispense industry, the training offered includes BIIAB accredited courses and bespoke technical & quality training packages.

Courses are held at a number of venues in the UK, which includes our purpose-built training facilities at Tadcaster North Yorkshire. Courses can also be delivered at customers premises if appropriate.

## Information about the BIIAB courses

### Award in Beer & Cellar Quality (ABCQ)

A course designed to help candidates ensure that their beer is consistently served in an optimum condition which aims to increase sales and decrease wastage. The course is aimed at businesses and candidates required to handle and care for cask and keg ales, along with maintaining a safe and hygienic cellar.

### Level 2 National Certificate for Personal License Holders (NCPLH)

This is a licensing qualification which can be used to support an application to the local authority for a personal license. The syllabus is set by the government and enables the candidate to understand all the relevant laws.
